

MUHAMMAD SUFFIAN BIN ABU BAKAR

Computer Science Graduate

Rawang, Selangor • 011-11562807 • suffianbakar2@gmail.com • www.linkedin.com/in/suffianbakar • https://suffianbakar.github.io

EXECUTIVE SUMMARY

Computer Science Graduate (expected completion August 2026) with strong expertise in software development, data structures, and system design. Proven ability to design and implement innovative projects, such as a fuzzy logic system for government budgeting and communication-enhancing Android applications. Having recently completed a comprehensive industry internship, I am actively seeking an executive-level position to apply my technical skills, contribute to impactful real-world solutions, and deliver immediate value across technical, operational, or administrative roles.
